1st Announcement
9th Congress of the European Federation of Periodontology

efp.org
As usual, a multitude of top international speakers will present the latest research, innovations and practical tips! New session formats such as debates and PED talks will complement the classic session format. Nonetheless, up to seven sessions will run in parallel throughout the meeting. The venue for EuroPerio9 is the RAI Amsterdam, located in the south of Amsterdam’s business quarter. The train from Amsterdam airport takes about ten minutes to reach Amsterdam RAI station, and there is also a public transport stop in front of the RAI, making it easy to reach also from the city centre. It offers superb lecture halls, conference and exhibition space and every facility required for a successful exhibition for our industry partners.

In many ways, Amsterdam is one of the greatest small cities in the world. With its canals, museums and historical sights, it is one of Europe’s most romantic and beautiful cities. Amsterdam is also a city of tolerance and diversity, making visitors from all over the world feel welcome. It has all the advantages of a big city—rich culture, lively nightlife, international restaurants—yet it is also quiet and has little road traffic, thanks largely to its extensive canals. In this city, your destination is never far away.

We very much look forward to welcoming you to Amsterdam in 2018!

Michèle Reners
EuroPerio9 Chair
