INVITATION

Dear Colleague, Dear Partner,

On behalf of the European Federation of Periodontology (EFP) and the Society of Periodontology Singapore, we are delighted to extend a very warm welcome to you to participate in the International Perio Master Clinic 2024, in Singapore.

The topic for the Master Clinic is Perio-Ortho Synergy, and the meeting will be held at the fabulous Marina Bay Sands hotel in Singapore, on 19-20 January 2024.

The EFP Perio Master Clinics represent the cutting edge of current knowledge and clinical skills, and this Master Clinic on Perio-Ortho Synergy will present innovative clinical techniques based on sound scientific principles in periodontology, implant dentistry and orthodontics.

This will be the 3rd in the prestigious International Perio Master Clinic series, following on from highly successful meetings in Hong Kong (2019) and Mexico (2023), as well as the previous Perio Master Clinics held in Europe: Paris (2014), Malta (2017), Dublin (2020), and Antwerp (2023). All of these have been landmark events that have been hugely successful.

The Singapore congress will feature world-leading experts who will focus on a multidisciplinary combined periodontal and orthodontic treatment approach, featuring cases and duo (perio & ortho) presentations in an innovative and interactive format. The focus on advanced clinical and surgical techniques will provide your organisation with an ideal platform to exhibit your latest products, equipment and materials for this unique area of dentistry.

This unique conference is not to be missed and will surely prove to be very popular with delegates. The spectacular location in a world-class city, with an international array of expert speakers in a stunning venue presents a wonderful opportunity for delegates to gain new knowledge, and for your organisation to showcase the very best that you have to offer to the profession.

On behalf of the European Federation of Periodontology, its 37 affiliated national perio societies and our 16,000+ oral health professionals, we very much look forward to welcoming you to join us on the occasion of this unique conference.
