

## MEET THE EFP

**37**

member societies from Europe, North and South America, Africa, Middle East, Asia, and Oceania

Founded in

**1991,**

the EFP has no professional agenda

**16,000+**

periodontists, dentists and oral-health professionals belong to the EFP

**8.728**

is the record impact factor of the EFP-edited Journal of Clinical Periodontology (JCP)

**16**

universities teach EFP-accredited postgraduate programmes in periodontology in 12 countries

**100**

leading scientists from all over the world attend Perio Workshop every year

**5**

different publications (JCP, JCP Digest, Perio Life, Perio Insight and Perio Review) constantly inform the EFP members and followers about the latest news in the field

**7** partners

**DENTAID**

**Oral-B®**

**Colgate**

**straumann**

**gsk**

**CURASEPT**

**PHILIPS**

## THE EFP IS RESPONSIBLE FOR:

Major global periodontal events such as EuroPerio, Gum Health Day, Perio Workshop, and Perio Master Clinic

EFP Virtual, that includes Perio Sessions webinars, Perio Talks live sessions on Instagram, Perio Talks podcasts, and much more

Influential initiatives such as the recent S3-level clinical guidelines on the treatment of periodontitis

Projects and campaigns developed in collaboration with its partners have covered the relationship between GUM disease and diabetes, cardiovascular disease, and caries, as well as women's oral health during pregnancy

## KEY TO PUBLIC HEALTH

Severe gum disease, also called periodontitis, affects around half of the world's population. Left untreated, it causes tooth loss and can result in difficulties chewing, speaking, and smiling. In addition, gum disease is associated with nearly 60 other health conditions, including heart disease and diabetes

# EuroPerio10, THE BEST EuroPerio EVER

**130+**

top-level experts from more than 30 countries around the world

**41**

sessions in the main programme with innovative formats on emerging issues of interest for practitioners, scientists and academics

**7,000+**

participants from 101 countries

**25**

sponsor sessions featuring 50 speakers

**32**

sponsors

**3**

live surgeries with expert clinicians demonstrating different techniques in mucogingival and bone-regenerative surgery

**2**

EFP clinical practice guidelines

**4**

sessions on the implementation of the EFP guideline on stages I-III periodontitis, which is having a major impact in improving patient care

**2**

“nightmare sessions” – one on periodontitis treatment, the other on dental implants – in which clinicians talk about surgeries and procedures that did not go according to plan

**3**

Interdisciplinary sessions involving medical specialities (cardiology, endocrinology, and neurology)

**4**

interdisciplinary sessions involving other dental disciplines (endodontics, orthodontics, prosthodontics, and digital dentistry)

**Sustainability\_**  
We take care

An EFP initiative

## SUSTAINABILITY

- 50% less printed materials than in EuroPerio9
- Less CO2 emissions: all speakers who must attend by plane will carbon compensate their flights
- Free public transportation ticket for all attendees
- Less waste & more recycling: exclusive use of recycled paper, lanyards made from recycled PET, smart printing policy
- A focus on sustainability, including the keynote speech on the opening day given by Professor Katherine Richardson Christensen, who chaired the Danish commission on climate-change policy
